

CHANGES TO THE ACVM GROUP OPERATIONAL POLICY – PROVISIONAL APPLICATIONS

The following changes have been made to the version of the above mentioned document dated September 1999:

- The title has been renamed **Provisional Registrations and Provisional Registrations (Generic Research)**
- The background information expands on the term ‘provisional registration’.
- Section 2.1 expands and clarifies the policy on provisional registration for product in its end use formulation, and for provisional registration (generic research) for those products not as yet characterised in end use formulation.
- Section 2.2 expands on the requirements for the sale of animals, plants or their produce.
- Section 2.3 expands on the requirement on the sale of experimental animals under the Animal Remedies Act 1967.
- Section 2.4 expands on the experimental use permits used under the Pesticides Act 1979.
- Section 2.8 has been added to clarify the requirement to advertising or selling products registered under provisional registration.

The current version is dated January 2001
