

RECALL NOTICE

Dietary Supplements produced by Pan Pharmaceuticals Limited, since 1 May 2002.

Acting in accordance with section 40 Food Act 1981 I direct the sellers, distributors and importers of products listed below, manufactured by Pan Pharmaceuticals Limited of Australia, to immediately stop the sale and distribution of those products and to retain them in safe custody until further notice.

Further directions will be issued to those retailers, distributors and importers effected, on the advice and notice required to be given to me under section 40(2) of the Food Act 1981.

List of Products

* The AUST L or AUST R can be located on the front panel of the label, usually in a lower corner. It is a 5 digit number prefixed by the letters AUST R or AUST L. As many product names are similar, it is important that this number is checked.

Batch and expiry details are often located on the back panel of the label on bottles or end flaps on boxes. These can be a combination of letters and/or numbers, but are prefixed with letters or a symbol which indicate that the number is the batch number (for example, 'Batch No.', 'B', 'Lot Number', 'Lot No.'). Expiry dates are the month and year after which the goods should not be used, and have a prefix which indicates that the following information is the expiry date (for example, 'Expiry', 'Expires', 'Exp. Date', 'Use before').

AUST L OR AUST R NO.	PRODUCT NAME	SPONSOR / SUPPLIER	BATCH
