

Partial Revocation of Recall of Specified Dietary Supplements

Background

Acting in accordance with section 40 of the Food Act 1981, the Minister for Food Safety directed by way of Recall Notices dated the 1st day of May 2003, 2nd day of May 2003, 4th day of May 2003 and 8th day of May 2003 that all sellers, distributors and importers of products specified in those Notices, manufactured by Pan Pharmaceuticals Limited of Australia, to immediately stop the sale and distribution of those products and to retain those products in safe custody until further notice.

Now, acting in accordance with section 40 of the Food Act 1981 and section 15 of the Interpretation Act 1999, I revoke the direction contained in the Recall Notices dated the 1st day of May 2003, 2nd day of May 2003, 4th day of May 2003 and 8th day of May 2003 in relation to those products listed below:

List of Products

*The AUST L or AUST R can be located on the front panel of the label, usually in a lower corner. It is a 5 digit number prefixed by the letters AUST R or AUST L. As many product names are similar, it is important that this number is checked.

#Batch and expiry details are often located on the back panel of the label on bottles or end flaps on boxes. These can be a combination of letters and/or numbers, but are prefixed with letters or a symbol which indicate that the number is the batch number (for example, 'Batch No.', 'B', 'Lot Number', 'Lot No.'). Expiry dates are the month and year after which the goods should not be used, and have a prefix which indicates that the following information is the expiry date (for example, 'Expiry', 'Expires', 'Exp. Date', 'Use before').

AUST L OR AUST R NO.	PRODUCT NAME	SPONSOR/SUPPLIER	BATCH	EXPIRY DATE
18037	KORDEL'S CALCI- PLUS Tablets	KORDEL (AUSTRALIA) PTY LTD	all batches
