Definitions

Risk Management Programme Identifiers are NZFSA registered under the [Risk Management Programme Register](#). They encompass the operational activities applicable to this premises' country listing application.

Site Identifiers are a 2 digit identifier allotted to an overall site by an operator. The 2 digit site identifier always forms the first 2 digits of the Unique Location Identifier (ULI). The ULI identifier will appear on packaging and certification. A site identifier is a requirement of some countries such as the European Union. Refer [Overseas Market Access Requirements](#) (OMAR).

Unique Location Identifiers (ULI) are registered by NZFSA to each dairy manufacturing premises or dairy store contained on a site. This identifier is used as the country listing identifier, unless an operator requests a site identifier.

Collection of Personal Information on Individuals

In regard to any information being collected on this country listing application, pursuant to the Animal Products Act 1999 (that is personal information identifying or being capable of identifying an individual person), notification is hereby provided in accordance with Principle 3 of the Privacy Act 1993, to individuals of the following matters:

1. This information is being collected for purposes relating to the application and general administration of country listings under the Animal Products Act 1999.
2. The recipient of this information, which is also the agency that will collect and hold the information, is the New Zealand Food Safety Authority, PO Box 2835, Wellington.
3. The collection of this information is voluntary under this export requirement. The provision of this information is necessary in order to process applications for listing. The failure to provide information is likely to result in the return of this application form to the applicant.
4. You are reminded that under Principles 6 and 7 of the Privacy Act 1993, you have the right of access to, and correction of, any personal information, which has been provided.
